DETAILED ACTION

Allowable Subject Matter

1. Claims 1-2, 4-20 allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 17, the applicants have presented persuasive arguments, see pages 5-6 of the response filed on 5/1/2006 that Figure 2E of Kadosh (US 6,069,398) discloses the formation of a blanket intralayer dielectric (ILD) layer 130 over a polysilicon gate 104, which is a part of the N-channel transistor 110, but the polysilicon gate 104 is not located in a polysilicon resistor device region and although Kadosh does disclose a polysilicon resistor 136 that contains a polysilicon layer, the blanket intralayer dielectric (ILD) layer 130 is located under (instead of over) the polysilicon resistor 136. Thus, the rejection(s) of claims 1-2, 4, 6-7, 9, 11-16, 17-19 under 35 U.S.C 102(b) as being anticipated by Kadosh et al (US 6,069,398) have been withdrawn

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
